- UI/UX Design
- Unity UI Design & Implementation (Canvas, UI Systems)
- Wireframing & Prototyping
- Design Systems & Consistency
- User-Centered Design

Game Development

- Unity Engine (2D/3D Game Development)
- Gameplay Programming
- Game Optimization & Performance Tuning
- Debugging & Testing
- Build Creation & Deployment
- Asset Management

3D & Creative Tools

- Blender (3D Modeling – Beginner/Intermediate)
- Adobe XD, Canva

Tools & Technologies

- Figma
- Unity
- Visual Studio
- Git (Version Control)

PROFESSIONAL EXPERIENCE

Game Designer (Remote) – Elite Tech Private Limited | June 2025 – Sept 2025

- Led UI/UX design for game projects, focusing on user experience and interaction design
- Created wireframes, prototypes, and UI systems aligned with gameplay mechanics
- Collaborated with developers and artists for integration and design consistency

UI/UX Designer (Internship) – Oxbridge Innovation Solutions | Sept 2025 – Nov 2025

- Redesigned an educational application, improving usability and interface clarity
- Designed user flows, UI components, and responsive layouts
- Worked on Moodle LMS to enhance navigation and user experience
- Collaborated with developers for implementation and testing

Game Developer (Internship) – Robotics World Pvt (Ltd) | Dec 2025 – Present

- Developed interactive 2D/3D games using Unity
- Optimized performance and reduced lag through asset and memory management
- Created and tested cross-platform builds
- Managed deployment workflows and debugging
- Collaborated with teams for feature integration and improvements

EDUCATION

Bachelor of Software Engineering – COMSATS University Islamabad, Abbottabad Campus (2021 – 2025)

A-Levels – Iqra A Levels Academy (2019 – 2020)

O-Levels – Army Burn Hall College for Girls, Abbottabad (2015 – 2018)

PROJECTS

Locked in Time – Final Year Project (Game)

- Developed an escape room game using Unity
- Focused on game mechanics, UI systems, and player interaction

Obstacle Maze (Game)

- Designed UI for a fast-paced Unity game
- Ensured usability and smooth gameplay flow

Portfolio Website (Frontend)

- Developed using HTML, CSS, and JavaScript

- Focused on responsiveness and accessibility

VR Game (Game Development)

- Developing an interactive VR-based educational game

ADDITIONAL ACTIVITIES

- Member, COMSATS Software Society
- Organizer, AMUN 2020 Conference
- Interests: Game Development, Digital Art, Painting, Travel
